

innovation incubators

Members are talking about ISAE's new Innovation Incubators. Here is what some attendees are saying:

"It's nice to talk to people who do what I do."

"The rest of the staff doesn't understand what I do, so it was great to be able to discuss these things with people who care about the topic."

Do you want to get together with people who do what you do? Do you need a way to gain additional education for yourself and your staff? The next round of Incubators begins in early May. All Innovation Incubators are \$10 each and take place from 8:30 a.m. until 10:00 a.m.

See below for topics and dates for the May Incubators. Click on the career path for additional information.

What are Innovation Incubators?

Innovation Incubators are a NEW form of professional development introduced by ISAE that allows you to get together for an informal roundtable discussion with colleagues in your profession. Each incubator is designed to discuss topics key to your specific career and interests, including small staffed associations; CEO Issues; finance; government affairs; communications; meeting planners and membership. These unique, affordable forums offer staff members at all levels an opportunity to gain new insights and knowledge. [Click here to register.](#)
